

Your Wedding at Cascina Capitanio

Freedom Sharing Family

Cascina Capitanio is the oldest farmhouse in Piedmont.

The farmhouse is surrounded by green spaces, so is perfect as a wedding location for the couples that love nature and want to feel at home.

Due to her use in the past (the farmers needed space to work and enough space for the animals to live) the farmhouse has big spaces outside and inside.

The Garden

The garden around Cascina is an immersion into the nature. It is perfect for the aperitif and gives a perfect family atmosphere during the civil ceremony. Our grooms love doing the wedding cake moment in the garden because of the sensations that this one gives.

The new barn

During last year a new space was born in Cascina Capitanio the Fienile (the barn). This place was born with the idea to give to the grooms an entire space dedicated to the aperitif time where they can enjoy their time together with friends and family.

The Osteria

Inside the barn you will find the Osteria, where your guests can enjoy themselves with cocktails and drinks during the aperitif.

And the aperitif continues with products from the territory and show cooking...

The porch

The porch is the heart of Cascina Capitanio.

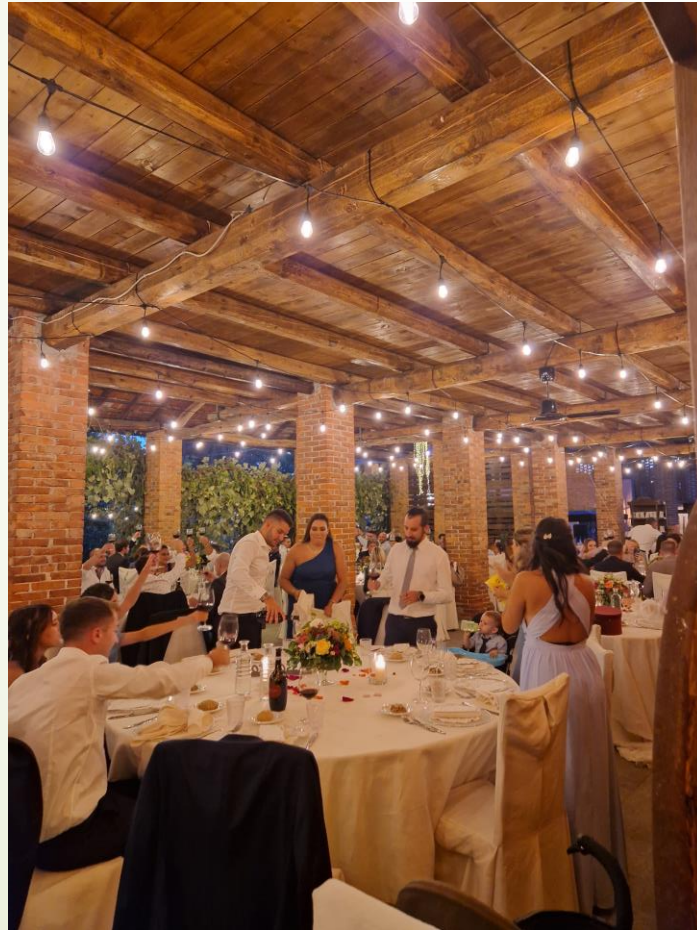

It guarantees to the grooms the celebration of their wedding even in case of rainy days.

It has enough space for 250 people and it represents the most important strong points of Cascina Capitanio.

In fact even during a rainy day your plan A will be the same as your plan B!

Your wedding will continue into the garden without the fear of rain!

The Lounge of the column (Sala Colonne)

Cascina Capitanio has also an inside area, perfect for who wants a wedding during the cold season as Autumn and Winter.

But not only during the cold season!

The inside area can be used also during summer as a party room with dj booth and cocktail bar.

The capacity of this lounge is of 150 people

Foresteria

Cascina Capitanio has also another lounge, the Foresteria.

It is a smaller lounge, the capacity is of 60 people. This lounge can be used for the civil ceremony in case of rain.

Also Foresteria has a rustic style like the other spaces in Cascina with these exposed beams.

As you see the lounges and the spaces outside are not missing.
You can use them in flexible way.

The different areas of the Cascina allow the grooms to customize the different stages of their wedding day as they prefer.
